

Before Your Next Model Is Fit

RETURN TO THE OPENING QUESTION

Which causal claim in your current work feels least defensible?

My commitment

In this study:

Before I fit a model, I will:

The evidence or revision trigger I will record is:

Keep the claim in view

The claim I hope to make is:

The most important limit I must keep visible is:

First collaborator or reviewer:

Date I will begin:

Data can deceive. Make every causal claim leave an audit trail.
